Community Reviews for this School

Posted: 8/9/2017 by Middle School Student

I can't say my review is reliable anymore since I heard there were many positive changes in the past few years. However, when I was there, the new administration took a decent school and completely train wrecked it. The school environment was absolutely degrading, both academically and socially. I still encourage readers to seek opinions of the school in the past few recent years and take my review with a grain of salt.

Starting in 2012, Morey has changed dramatically, and for the better, especially since the district hired a new and competent principal. The school is now focused on enjoyable academics, hiring talented and engaged teachers and providing fair discipline to the students. Morey is an urban school, and as such, diversity is to be expected. If you're looking for a school that truly appreciates having your child in their classes, encourages parent input, gains feedback from the entire community, and provides fundamental teaching standards, then Morey is for you.
